

# £1,000 donated to Cancer Support UK

Charities Manager, Darren Coleman, joins the Metropolitan Division Intendant-General, R.Ill.Kt. Stuart Graves and his Deputy, V.Ill.Kt. Wes Hollands, P.G.H.Alm., at Mark Masons' Hall to present a cheque for £1,000 to the CEO of the Cancer Support UK charity, Gemma Holding.

Gemma explained that the money, presented on behalf of the Grand Sovereign's Care for Children Fund, will be used to purchase much needed cancer kits for children.

'Kids' Kits' are designed to brighten the days of children living with cancer and undergoing treatment. They contain small toys and colouring sets to help entertain and pass the time in hospital. They also have practical items like cosy socks and antibacterial wipes.
